Words and Music by Jeanne Loehnis

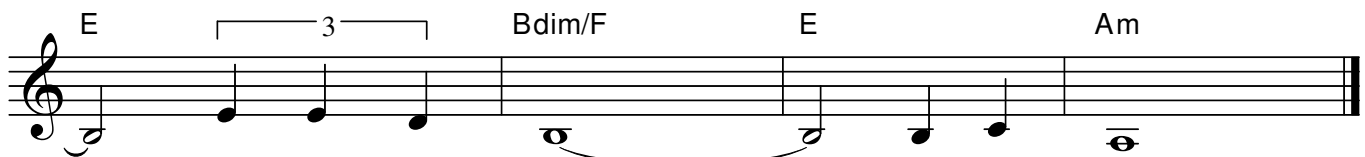

In the space, in the  
 In the space, in the  
 In the space, in the  
 In the space, in the  
 In the space, in the

space be - tween each task... In the space  
 space be - tween my words... In the space  
 space be - tween my thoughts... In the space  
 space be - tween my fears... In the space  
 si - lence of my soul... In the space,

when I take the time to ask... In that space,  
 where I pause and breathe, dis - cern... In that space,  
 where I know I am not lost... In that space,  
 where I feel your love so dear... In that space,  
 I've re - leased my false con - trol. In this space,

that pre - cious space, I re - lax.  
 that sa - cred space, is Your Word.  
 that peace - ful place, I am taught.  
 in God's em - brace, I hear.  
 this rest - ing place, I am whole.
